No. 20

Accident at Railway Crossing.

**Northbound Passenger Crashes into Delivery Truck.
Driver Seriously Injured.**

G. H. Owen of Didsbury is in the hospital here badly injured and his truck lies in a slough alongside the railway track as the result of an accident which occurred at the south-end railway crossing yesterday (Wednesday) morning.

From eye-witnesses it is gathered that Owen was just crossing over when the northbound passenger crashed into him and lifting his truck carried it a distance of about thirty feet and threw it over the fence into a slough, the driver falling on the embankment.

As the accident was witnessed by many, assistance was readily obtained and within a few minutes Owen was being taken into

the nearby hospital, where the nurses with a promptitude that is commendable had within that short space of time prepared for his reception. Fortunately, both our local medical men were available and their aid therefore was quickly obtained. Owen's injuries are serious enough. He has several ribs fractured and one of his lungs has been punctured, his condition now being such as to give rise to grave doubts for his recovery.

Mr. Owen about two weeks ago instituted an express delivery service between Calgary and Didsbury, and it was whilst on his return home yesterday that the accident occurred.

Owing to the bad condition of

With the Council

To assist Mayor Chambers with the town's business on Monday night, there were present Councillors Barrett, Berscht, Reiber and Edwards, the secretary, W. A. Austin, also being there.

The condition of the roads and sidewalks around the town aroused considerable discussion, and although the need for more work was recognized yet the amount laid aside for this purpose for the year precluded the carrying out of an ambitious program. With the idea of making the money go as far as possible, and getting the work done in the most economical form, it was decided to appoint a committee comprising the Mayor, and Councillors Barrett and Berscht to interview O. L. MacPherson, minister of Public Works, Edmonton and endeavour to make with him some arrangement for grading and graveling that part of the Calgary-Edmonton highway passing through the town.

The Council also decided to engage the services of a surveyor to take a level of the streets, as it was felt that no work of a permanent nature should be undertaken until this was accomplished.

A notice having been received from the C.P.R. requesting the removal of the bandstand from their property, Councillor Berscht reported that the Agricultural Society were willing to do this work and would convey the structure to the Agricultural Grounds west of town.

What has been an eyesore and a source of dissatisfaction to the residents south of town for many years is the slough near the Creamery, and Councillors Barrett and Edwards have been considering what the town can do with it. As a result of their investigation and deliberation, Councillor Edwards reported it was their recommendation to drain the slough by tiles in a westerly direction between D. M. Sinclair and G. O. Feeg to the ditch running south of Jim McGhee's property, and thence down to the coulee. For this about four hundred feet of tile would be necessary.

This matter will again be taken up after the surveyor has taken the levels.

The danger of midnight robbery and the safeguarding of town property was another subject for discussion and eventually it was decided that the only way to adequately deal with the matter was by the appointment of a night-watchman and it was decided to obtain the services of one. His hours will be 11 p.m. to 6 a.m., and his salary \$75 per month.

Just before moving the closure Mayor Chambers introduced the question of a celebration here in Didsbury on July 1st, commemorating the sixtieth year (Diamond Jubilee) of Confederation. He mentioned the fact that nearly every town was going to observe the day, and he thought Didsbury should also fall in line.

It was agreed for the Mayor to call a public meeting on Friday, May 20th, when the residents of the town will be given the opportunity to express their views on matter.

the road, we understand it has been his practice instead of continuing towards town along the main highway to pass over the south crossing and proceeding along Wall Street strike the centre of the town by way of the crossing north of the depot.

And upon this occasion he was apparently following his usual procedure. How he failed to observe the approaching train, and thus avoid the accident, has yet to be determined.

Cheap Electricity

Electricity is one item in the cost of living in Canada which is much cheaper now than in pre-war days. The Dominion Bureau of Statistics index number shows a reduction in the price of electricity for residence lighting of 31.3 per cent. from 1913 to 1926. Canada leads the world in the per capita distribution of electricity from central electric power stations.

**She Has the Greatest
Faith In Them
Says Mrs. Elliott of Dodd's Kidney
Pills**

Alberta Lady Strongly Recommends the Use of Dodd's Kidney Pills to all Sufferers.

South Edmonton, Alberta. (Special)—"I have used your Dodd's Kidney Pills for a few years and for kidney and backache trouble they have worked wonders. I have great faith in them. I have heard great praise about them from a number of people in our district."

This statement comes from Mrs. Elliott, who resides at 9324 70th Ave. The relief that Mrs. Elliott found has come to thousands of other Canadian women through the use of Dodd's Kidney Pills.

There are only a few people who appreciate the great importance of keeping the kidneys in good order at all times. The kidneys are the purifiers of your blood. If the kidneys become clogged with impurities they cannot perform their functions properly. The blood, instead of being purified, is poisoned, and in turn poisons the whole system, with the result that a condition may develop very serious.

French postal authorities have established a system of autograph telegrams, the signature of the sender being reproduced at the end of the message.

SUNDAY SCHOOL LESSON

MAY 22

PETER HEALS THE LAME MAN

Golden Text: "In none other is there salvation; for neither is there any other name under heaven, that is given among men, wherein we must be saved."—Acts 4:12.

Lesson: Acts 3:1 to 4:31.

Devotional Reading: Isaiah 35:1-6.

Explanations and Comments

1. Peter Heals a Lame Man, Acts 3:1-10.—Nine in the morning and three in the afternoon were the hours for sacrifice and prayer. It was the hour, or three in the afternoon, when Peter and John, the two apostles so often mentioned together in the Gospel narratives, went to the temple to pray. They observed the hours of prayer in the temple, for the only difference between the followers of Christ and other Jews was that they believed Jesus to be the Messiah. The realization that Christianity was meant to replace Judaism came to them very gradually.

There was always a place in the lives of the apostles for communion with God. Prayer had an "hour," a definite time and place in their program of living. Their Master had His hours of prayer. Have we?

At the temple door which was called Beautiful they saw a man sitting and begging alms of all who passed. He had been lame from birth, and was daily carried to the same spot to beg. Every one in Jerusalem must have known him well. "He was part of the city landscape, the people knew him as they knew the carved columns of the temple doorway."

There is a close connection between religion and philanthropy. Church goes on the great givers. Love of God finds expression in love to man.

The man was not expecting alms from every worshipper, and probably glanced indifferently at Peter and John. To rivet his attention upon them and arouse his expectations, Peter said to him, "Look on us." And the beggar gave heed to them. Then said Peter, "Silver and gold have I none."

He is the poor man who can say, "Only silver and gold have I." "But what I have, that give I to thee," added Peter. You remember the story told by Turgeneff of the Russian who put his hands in his pockets and found nothing there, and then said to the beggar before him, "I am sorry, brother; I have nothing with me, brother." And the beggar, touched by the word brother, said, "That too, was a gift, brother."

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother Graves' Worm Exterminator.

Paid to Change Name

Because of the great number of Andersons and Petersons in Stockholm, the Swedish postal department has suggested a government premium to those who will agree to change their names. The Andersons alone occupy 28 pages of the Stockholm directory.

GOLF STAR

When the British professional golfers come to Canada this summer, one member of the Canadian team chosen to meet them will probably be Jim Rimmer, the popular pro of the famous Jasper Park Lodge course, Jasper National Park, Alberta. Announcement of the visit together with a list of the Canadian pros invited to play the British team has been made by B. L. Anderson, secretary of the Royal Canadian Golf Association and Rimmer's name is included in the list.

Jim is a hard and accurate driver with either wood or iron and in the Old Country, where he was pro with the Bidston Club of Cheshire he has two victories to his credit over the famous A. G. Havens. He won the professional championship of Alberta in 1926 and was runner-up in the Western Open, being beaten by another Canadian National Railways pro, Ned McKenna of the Minaki Lodge course.

A German biologist says orang-outangs can sing. We know it. We have a radio, too.

With shifting scenes many a pretended friend shows up as an enemy.

**WORLD HAPPENINGS
BRIEFLY TOLD**

Establishment of a creamery in Sydney, under the auspices of the Nova Scotia Government, is announced.

Announcement was made by Hon. Charles McCrae, Ontario minister of mines, that nine geological exploration parties would operate in the province during this summer.

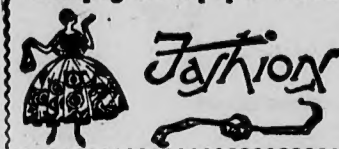

Toronto Chinese are raising funds to exhume the remains of 400 Chinese buried in Ontario with a view to sending them to China for re-burial there.

A proclamation by the governor-in-council here invites the people of Canada to "contribute generously" to a Dominion-wide campaign for funds to be carried on on behalf of the Canadian Red Cross between May 24 and July 1.

The importation of potatoes into Canada from Europe, the Azore Islands, Canary Islands, Newfoundland, the islands of St. Pierre and Miquelon and the State of California, are prohibited under an order-in-council made public in the Canada Gazette.

Worms are encouraged by morbid conditions of the stomach and bowels, and so subvert. Miller's Worm Powders will alter these conditions almost immediately and will sweep the worms away. No destructive parasite can live in contact with this medicine, which is not only a worm destroyer, but a health-giving medicine most beneficial to the young constitution.

The Simple Frock is By Far the Smartest Frock

This pretty frock of brightly-printed crepe is appropriate for all day wear. Cut with a little standing collar opening back to form a V, it slips on over the head, and has a few gathers in the shoulders of the straight bodice, which accents the low waistline, where it joins the flaring skirt front. The back of the frock is plain, and the long sleeves gather into narrow wrist-bands. No. 1222 is for the miss and little woman and is in sizes 16, 18 and 20 years. Size 18 years (36 bust) requires 4 1/2 yards 36-inch figured crepe. Price 20 cents.

The secret of distinctive dress lies in good taste rather than a lavish expenditure of money. Every woman should want to make her own clothes, and the home dressmaker will find the designs illustrated in our new Fashion Book to be practical and simple, yet maintaining the spirit of the mode of the moment. Price of the book 10 cents the copy.

For Improved Highways

Huge Sums Spent Last Year for This Purpose

During the year 1926 a total of \$45,563,000 was spent on construction and maintenance of all provincial highways in Canada, according to computation made by A. W. Campbell, Dominion Highway Commissioner. Of this total \$29,858,000 was spent on construction and \$15,987,000 on maintenance of highways already constructed. The total mileage of roads involved in this aggregate expenditure was 46,824.

**Could Not Sleep
Heart and Nerves
Were So Bad**

Mr. Geo. Meek, Windsor, Ont., writes:—"I suffered with my heart and nerves and could not sleep at night for noises in my head. I managed to keep at my work somehow, until I began to have dizzy spells which got so bad I could not go to my work. I was afraid to go out any place, for very often I would stagger on my feet, and everything in front of me would turn black and fade away. While I was home sick a friend told me to take I got four boxes and by the time I had used them the pains and noises in my head ceased and I was able to get a good night's rest. Although that was six years ago I have never been troubled with that complaint again."

"Worth its weight in gold" Says Ottawa Matron

Mme. Beatrice Charlebois could not hold pen to write. Nerves completely shattered, health ruined. Now alert, vigorous and strong, she gives praise to Tanlac.

The two-year ordeal which she passed through before Tanlac came to her permanent relief, was recently described by Mme. Beatrice Charlebois, of 22 Rose St., Ottawa.

"What I endured in that time could not be told," she said. "I was so weak I could hardly walk. My appetite was poor and my stomach gave me no end of trouble. Gas and pains would bring on fainting spells."

"My nerves were so completely shattered that I jumped in fright every time the doorbell rang. My hand trembled so that it could not hold the pen to write my name. Night after night I've gone without sleep, too nervous to lie still for even a few moments. Even my housework became too much for me."

"I tried all kinds of remedies in those two years, but can honestly say Tanlac gave me my first real relief. It built me up so that I've gained 11 lbs., eat and sleep fine and have nerves as

calm and steady as ever. Tanlac is worth its weight in gold."

Build up your health on Tanlac, nature's own tonic made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

brilliance, and a hitherto unheard orchestra was playing symphonic strains that contrasted strangely with the more accustomed jazz.

With shrill laughter and strident acclamations the guests swarmed down upon the lighted pavilion and surged between its columns into the little sea of seats provided for them before a stage draped by a quivering curtain of bower petals. When the guests all had found their way inside the pavilion the footmen and waiters began their task of gathering up the various paraphernalia of the night, and chauffeurs moved toward their waiting cars. Whatever was to transpire within the arboreal pavilion, it would be the breaking up of the Golden Girl's fete.

Kenilworth and Yvonne walked together to the cluster of seats that had been reserved for Joanna and her closest intimates. They saw that Teddy Dorminster, and Betty Weymouth, Prince Michael and others who would naturally be of their party, had found their places. Brandon's absence from the fete already had been commented upon. But both Kenilworth and Yvonne were curious when they saw that Joanna was not among her guests.

"More of mystery," Kenilworth observed. "Have you yet discovered what this personally arranged affair of hers is going to be?"

"She has guarded her secret tenaciously," Yvonne replied. "It has been the main thrill of her preparations—arranging something of which nobody but she has known anything. I have not tried to get her confidence."

They decided to look about for her, but Joanna just then came up.

When Yvonne looked, suddenly, into her face, she started. The Golden Girl's eyes were shining. Yvonne sensed the tenseness of a suppressed excitement. She advanced to meet the girl, and stood with her a moment.

Stragglers brushed by them. They would have surrounded the two hostesses, but Joanna urged them all to join the crowd under the mimosa roof. When there was opportunity she took both of Yvonne's hands in hers.

"Whether my little climax is a success or a failure," she said, very softly, "or whatever happens—I want you to know my dear that I have understood many things right along, and the best of them was—you and John!"

She dropped the older girl's hands, then, and went toward the hidden door that led from the outer lawn onto the stage behind the flower curtain. Yvonne reached out to catch at her, but was too late. She stood, undetermined, until Kenilworth approached her. She went with him to their seats before the stage.

As if their arrival were a signal the leader of the orchestra raised his baton. The lights were extinguished. The curtain of flower petals parted. There was deathly stillness, then, like the breaking of a great wave into surf gasps swept up from the audience.

CHAPTER XXXVI Conclusion

The curtains spread upon vague shapes that took form in a phantasy that slowly emerged from a vapor of pale blue light. Out of a far background, admirably conjured by skilled artists, spires and domes and gabled roofs of a conglomerate city loomed. Illuminated windows shone dully. Miniature streets, crooked and narrow, came down out of the perspective and converged upon an open space before the invisible footlights—the painted city's market place.

In the centre of the square a pillar arose, with a rim of water trough at its base. Against this column, her head bowed, shoulders drooped and motionless body limp in a posture of despair, leaned an unknown girl, of some warm pulsed type, her body gleaming white through a diaphan-

CHAPTER XXXV—Continued

Dorminster also captured her for a fleeting moment. He found her standing at the side of one of the fairy pools, shut off from view by a cluster of columns which supported one of the arcs that spread the imitation moonlight. The little lake was one of those that were permanently part of the landscape scheme of the grounds, and the home of a group of swans. One of the majestic creatures, petulant at the noisy inroad upon accustomed hours of slumber, had approached the slender figure at the water's edge angrily, with a rasping protest. When it saw that the single form was that of its mistress it smoothed its wings and craned its neck toward her. She had offered it no crumb but it did not withdraw its outstretching head. Its bead-like eyes remained fixed upon her. The appearance of Dorminster, who had trailed her, drove the water bird away. Joanna turned on the newcomer.

"Why did you come just then, Teddy?" she protested. "I think in another minute it would have sung. I've always wanted to know what a swan's song sounds like!"

"Then listen to me," he returned, gaily. "I'll make mine merry. I'm always singing when I'm with you, you know."

"Singing foolish riddles, Teddy. Only foolish ones. You mustn't do

that now. I'll permit no one to be serious—or disconsolate."

He wanted to talk of himself, and of her. It was the subject he always fell upon, but she outwitted him easily. She was about to command him to take her back to her guests, when she was suddenly pale. Teddy saw and looked about quickly. John had trailed her, too, and was coming up to them. Teddy knew the significance of that sudden paleness, and went away with a gaily easy word over his shoulder.

"I've tried to get to you all day," John exclaimed. He tried to reach for her but she eluded him.

"I have been busy," she explained, stumpy. "There's been so much to attend to—bills to be gathered up and put in a package before they're lost. And—other things to do. I've seen no one today."

"Will you give me time, Jo, to talk with you? I can't be frivolous like everyone else, tonight. I'm full of something that is for you. Can't we have a half hour?"

"Some other time, John. Tomorrow or next week, perhaps. There's no room inside of me for anything but idle chatter. You may take me back to my guests."

"Tomorrow, then."

"Tomorrow."

She let him have her hand for a moment, but withdrew it gently. Once or twice she stole a glance into his eyes and saw that they teemed with earnest things, just as his lips had spoken only inner anxieties. When they were about to move out of the shelter of the flower hung pillars he took her suddenly in his arms. She did not resist, but yielded to him limply. He felt no response in the slim little body and released her. He was conscious though, that in that embrace he had said much that he wanted to say, and that she would understand. He was more content, then, to wait until the morrow.

The hours passed, gay, colorful hours, that were speeded by a continuous piling up of festival surprises. No grand duke in the old days had confounded his guests with a more stupendous program of sense entertainment. But always there is a climax to such affairs—such for instance as that time when an oriental potentate endowed his favorite companion, during a celebration on the Amette grounds, with a marvellous coat of emeralds. The guests of Joanna and Yvonne knew this time had arrived when, shortly after two o'clock when the fragrance of mimosa was heaviest, the moonlight arcs were swung by invisible hands until their mellow glow was concentrated upon the long, low pavilion built behind the Trianon house. There had been a mystery about this pavilion that had whetted curiosities. During the earlier portion of the night it had been wrapped in darkness. Now it was bathed in

PAINS ALL OVER BODY

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N. S.—"I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every month and nothing would do me good. My husband and my father did my work for me as I have two children and we have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail, and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around more. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well."—Mrs. VICTOR RICHARDSON, Barrington, Nova Scotia.

Dull Pains in Back

St. Thomas, Ont.—"I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pains in the small of my back and the weakness from which I suffered for five years after my boy was born. After taking the Vegetable Compound and using Lydia E. Pinkham's Sanative Wash I am feeling better than I have for the past seven years, and advise my friends to take it."—Mrs. F. JOHNSON, 49 Moore Street, St. Thomas, Ont. C

W. N. U. 1681

ous drape—a girl who was fresh and young and lovely. Hunched before the youthful figure three old crones in the garb of witches swayed in rhythm with the plaintive song of the orchestra. In the hands of each a lantern swung, its flame shedding a dim, colored glow. Even as the audience gasped at the weird symbolism of the picture—a vibrant, beautiful, unsullied girl hemmed in by evil witches—one of the old crones, one whose lantern glowed in sickly yellow rose and still swaying to the music lifted her light so that its yellow rays bathed the body of the girl. Across the sky over the painted city in the background, great letters made by invisible lamps manipulated from behind the stage slowly took shape and, like a fantastic reflection, spelled the word, "MISUNDERSTANDING."

(To Be Continued.)

MISTAKES MOTHERS MAKE IN CARE OF LITTLE ONES

Many mothers give their children solid foods at too early an age and say proudly that their babies "eat everything that grown-up people do." Such a course is almost certain to bring on indigestion and lay the foundation of much ill-health for the little one.

Other mothers administer harsh, nauseating purgatives which in reality irritate and injure the delicate stomach and bowels and at the same time cause the children to dread all medicine.

Absolutely no meat should be given to a child until it reaches the age of 18 months, and then only if approved by the doctor. For medicine, all strong, disagreeable oils and powders should be abandoned and Baby's Own Tablets given instead.

Baby's Own Tablets are especially made for little ones. They are pleasant to take and can be given with absolute safety to even the new-born babe. They quickly banish constipation and indigestion, break up colds and simple fevers and make the cutting of teeth easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Little Helps For This Week

If thine enemy hunger, feed him; if he thirst, give him drink; for in so doing thou shalt heap coals of fire on his head.—Rom. xii. 20.

But if for wrongs we needs revenge must have,

Then be our vengeance of the noblest kind;

Do we his body from our fury save,

And let our hate prevail against our mind?

What can 'gainst him a greater vengeance be

Than make his foe more worthy far than he.

—Lady Elizabeth Carew.

If thou must needs have revenge of thine enemy, with a soft tongue break his bones, heap coals of fire on his head, forgive him and enjoy it. To forgive our enemies is a charming way of revenge and short Caesarean conquest, overcoming without a blow; laying our enemies at our feet under sorrow, shame, and repentance; leaving our foes our friends, and solicitously inclined to grateful retaliation.

—Sir Thomas Browne.

Conscientious people are like ideas. They refuse to strike a man when he is down.

Homestead Filings

Homestead filings in Western Canada during the first quarter of 1927 totaled 1,939, as compared with 1,282 in the corresponding period of 1926. In Manitoba 128 quarter sections were filed upon, in Saskatchewan 513, in Alberta 367, and in British Columbia 12.

Nation-wide Fame.—There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Electric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

Thriving Swiss Settlements

Eight hundred families from Switzerland are expected to come out to Western Canada to settle during 1927, according to the Acting Consul for Switzerland here. There are thriving Swiss settlements in Notre Dame de Lourdes, Manitoba, and Stettler, Alberta.

Useful in Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

When a young married man gets sick his mother always imagines that it is due to his wife's cooking.

Treat corns with Minard's Liniment

A French scientist has invented a vacuum bottle to hold liquid oxygen for use of aviators in altitude flights. The liquid vaporizes as fast as it is breathed.

Appetite Gone? Nervous? Why Wait for a Breakdown?

—Evans' Studio

Mrs. I. Hicks

London, Ont.—"Dr. Pierce's Golden Medical Discovery is the tonic I took when in a weakened and rundown state of health and it strengthened me at once. My appetite improved, and my nerves became normal. In fact I have felt so much improved in health since I took the 'Medical Discovery' that I would never hesitate to recommend it to any other person who is in a debilitated and nervous condition. It is the only tonic I would ever take again if necessary."

Mrs. I. Hicks, General Delivery. Golden Medical Discovery is put up in Dr. Pierce's Laboratory in Bridgeburg, Ont., and sold by all druggists, in both tablets and liquid. Send Dr. Pierce 10c if you wish a trial pkg.

Shall We Celebrate.

A booklet just issued by the Dominion Government contains a suggestive program for use in celebrating the Diamond Jubilee of Confederation. "The object in view," it states, "is to have a Dominion-wide celebration, in order that people, young and old may be impressed by the accomplishments of our fathers and mothers in the past, and be imbued with a patriotic optimism for the future."

The idea, broadly, is to have a program on Dominion Day, July 1st, of a patriotic nature in which songs, addresses and saluting the flag will largely predominate, and it is hoped that every town and hamlet, every school, town or country, will take part.

On Saturday, the program will be continued, with, it is suggested, a list of athletic events.

Sunday, joint community services will be held in the open air. A celebration extending three days will require careful arrangement and close supervision, and obviously considerable preparation will be required. This, however, can be accomplished by united efforts on the part of the residents.

Wherever the attempt is made it should be taken up seriously and every energy put forth to make it as successful as possible. The need of impressing upon the younger generation a patriotic spirit is, too, a very important point, and as this is one of the primary objectives contained in the program it necessarily means the inclusion of all our schools.

The celebration affords a valuable opportunity for expression of loyalty to this Canada of ours and the occasion should be observed with this object in view.

LOCAL AND GENERAL

Jas. Hosegood leaves on Saturday on a visit to friends in England.

Mr. and Mrs. Kendrick were visitors to Calgary over the weekend.

Mr. and Mrs. W. Dageford left last Saturday on a visit to Los Angeles.

Harold Stauffer on Saturday was trying to rush the season with a straw hat.

Mrs. Pearl Mjolsness spent Sunday with friends at Red Deer and Sylvan Lake.

Archibald and Soper of Airdrie shipped a carload of horses from the North-end livery barn on Monday to Nova Scotia.

Mr. and Mrs. C. Wrightson and family are leaving town the beginning of next month to spend the summer at Banff.

Didsbury's half holiday commences on Thursday of this week, and it will be observed until September next. All stores will be closed during the afternoon.

Chas. Wrightson announces that consequent on business arrangements made elsewhere he will discontinue his meat shop in Didsbury after Saturday next, May 21st.

The Didsbury Live Stock Pool are erecting an office on the east side of the track to facilitate business transactions. Fred Moyle will continue to take charge and supervise shipments.

A meeting of the directors of the Didsbury Agricultural Society will be held on Thursday, May 26th, at J. V. Berscht's store at eight p.m., for the purpose of discussing matters relating to the fair.

The Alberta Wheat Producers Limited commenced this week the erection of a 40,000 bushel elevator at this point. It is situated north of the depot and we understand will be finished to cater to this year's crop.

The C.G.I.T. girls gave an exhibition of club swinging at the Opera House, on Saturday last, under the direction of Mr. Boorman. The exercise was very well executed and was much appreciated by those who were present.

The weather on Saturday and Sunday night was delightful. Monday morning, a change was chronicled with a slight shower, and Mr. Pluvius, possibly thinking it was appreciated, kept up the treatment until Wednesday evening. The prospects are for more rain.

A warning is being issued by the police to merchants against robbery. Doors should be securely locked and other precautions taken to ensure safety of the store. Traffic along the highway is increasing, and with latter weather and improved transportation doubtful characters will probably seize any opportunity that may come their way. Maybe it is one of the penalties for living on a trunk road, but apart from that the warning issued should be taken very seriously.

The Didsbury Tennis Club was recently re-organized, and following that the courts have been put in excellent condition for play. Those wishing to become members should apply to Ben Robinson, who has full powers to duly initiate and confer the degree peculiar to the Club. Arrangements are being made for games with Carstairs, Olds, Crossfield and if time permits Calgary and Edmonton. Every member is urged to take practice as soon as possible.

The Gas Production and Transportation Company has made the agreement with the Union Oil Company of California to make deep tests for oil on the "Wild Cat" and other foothill structures of the Gas Production and Transportation Company, on which drilling is to commence on or before June 1st, 1927. These locations are in the Wild Cat Hills, in township 27, range 5, west of the 5th, north-east of the Morely Indian reserve, and in the Bearberry and Fallen Timber country, west of Didsbury.

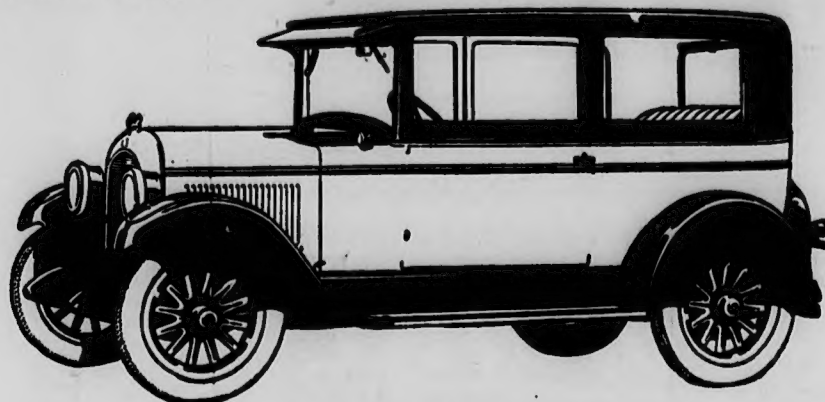

The local telephone exchange the other day had further enriched its surroundings by planting trees on the south and west sides. In a few years this corner will be a beauty spot and serve as splendid example for others to follow.

The Only Full-sized Car at Prices giving such Performance and Luxury

50 miles and more an hour. 5 to 25 miles in 8 seconds. 30 miles to the gallon. Full-sized, with ample seating capacity for adult passengers. Mohair plush upholstery.

You can prove by demonstration of performance that the Chrysler "50"—with its 50 miles and more an hour, 5 to 25 miles in 8 seconds, 30 miles to the gallon, marked ease of handling, and consistently smooth operation at all speeds—is in a brilliant class of its own which no others have yet approached.

The Chrysler "50" reveals at a glance—in its full-sized ample seating capacity for five passengers, its smart, low-wing lines and beauty of color harmony—value in such startling contrast to all other fours and sixes in or near the "50" price division as to automatically determine your decision.

Touring, \$1210. Coupe, \$1210. Roadster, \$1210. Coach, \$1245. Sedan, \$1315. Landau Sedan, \$1385.

Above prices include all taxes, bumpers front and rear, spare tire, tire cover and tank full of gasoline.

CHRYSLER "50."

WHEN BANK OF MONTREAL TOKENS WERE USED FOR SMALL CHANGE

FOUNDED before Canada had any currency of its own, the Bank of Montreal in the early part of the Nineteenth Century obtained authorization from the British Government to issue copper tokens for small change.

Reproduced herewith are the two sides of the one-penny token of 1838 and of a "habitant" token of 1837. The obverse of the former shows a picture of the building used by the Bank of Montreal at that time, the obverse of the latter a typical farmer of Lower Canada, now Quebec. The reverse of both coins is the same, showing the arms of the city of Montreal.

Throughout its long history, the Bank of Montreal has always been active in serving the financial needs of the people of Canada, steadily extending its service as the need and opportunity for it arose.

Western Canada Points the Way

One of the most notable gatherings of the year, and one in which all the people of Western Canada were particularly and directly interested was the international co-operative wheat pool conference held at Kansas City, and at which representatives were present from the United States, Australia, Germany, Russia, as well as from the three great wheat producing provinces of Canada.

Western Canada was easily the outstanding and dominant factor at the conference. And rightly so because in three short years the farmers of the Prairie Provinces have organized and developed the greatest grain handling co-operation in the known world. Their success has been phenomenal eclipsing anything of a like character ever attempted in connection with any commodity. They can speak from actual experience in definite achievement.

It is not surprising, therefore, that at the Kansas City conference the reports presented on behalf of the Alberta, Saskatchewan and Manitoba Pools, and their common central selling agency, were received with great enthusiasm, and that the views expressed and suggestions advanced by the Canadians commanded respect and gave strength to the deliberations of the conference.

Many of our own people have not yet grasped the full magnitude of the operations of the wheat pool, nor realize just how much has been accomplished in the brief period of approximately 1000 days. Three years ago there was no Canadian Pool. Today, to quote A. J. McPhail, president of the Saskatchewan pool and of the Central Selling pool, there is a membership of 138,000 in the three provinces. In 1924-25 the Canadian pool handled 187,000,000 bushels of wheat belonging to its farmer members and 27,000,000 bushels of coarse grains. The pool has representatives in all wheat importing countries and ships direct to sixty European ports. It owns and controls approximately 650 country elevators in the three provinces with a combined storage capacity of approximately 22,000,000 bushels. At the head of the lakes the pool has six terminal elevators with a storage capacity around 18,000,000 bushels and also a 2,000,000 transfer house at Buffalo. The pool is also operating terminal elevators at Prince Rupert and Vancouver, while plans are under way for large extensions to the country elevator systems in all the provinces. Since the pool began to operate it has paid its farmer members around half a billion dollars.

These are truly remarkable achievements, but they do not tell the whole story. The pool has practically revolutionized the financing methods of our Western farmers. Instead of the farmer getting all his money in one bulk sum every Fall, at which time every creditor made immediate demand upon him, with the result that he was practically forced to sell his wheat at the then prevailing price, and by all following the same course glutting the market, he now receives a first payment and several successive payments spread over the year. The result is not only orderly marketing of the wheat but orderly financing on the part of the farmer. He is to an ever increasing extent conducting his business on cash rather than a credit basis. The system has been of wonderful assistance to the weaker, less business like farmers.

Equally important has been the effect the pool has had in restoring confidence to the farmer and to business interests generally throughout the west. It has given the farmers a feeling of independence and security hitherto lacking. It has emphasized the value of co-operation, and the strength that is to be found in organized co-operative effort as contrasted with each man striving to work out his own problems and his own economic salvation.

The farmers of Western Canada have demonstrated the wisdom of having one great selling agency instead of one or two hundred thousand farmers each selling individually and in competition with each other. The object of the Kansas City conference was to try and devise ways and means whereby the great wheat producing countries of the world could co-operate instead of competing against each other. The most cordial reception was accorded the idea, and efforts will be made to devise a workable plan.

New Depot for Edmonton

The Canadian National Railway will build a new depot at Edmonton, Alberta, this year. The estimated cost is \$1,000,000. Tenders for the erection of the building have been received and the contract will be awarded as soon as they have been considered.

World's Shortest Railroad

The shortest railroad in the world now belongs to the city of Union, Ore., having been bought for delinquent taxes at a sheriff's sale. The line is ten miles long and the rolling stock includes one locomotive, one passenger and three freight cars. It sold for \$1,100.

Huge Dairy Farm

Largest Herd of Dairy Cattle in North America to be Established Near Winnipeg

There is now a herd of one thousand head of Holstein dairy cattle on the Manitoba dairy farms at Marchand, on the Canadian National Railways southeast of Winnipeg. It is the intention of the company, which is colonizing a 30,000 acre tract of land with dairy farmers to increase this herd to 5,000 head, which will make it the largest herd of dairy animals under one ownership in North America.

Joint Stiffness Goes, Swellings Disappear, Pain Is Subdued

No Liniment Gives Such Universal Satisfaction As

NERVILINE

It is the great penetrating power of Nerviline that makes it so efficient in overcoming swelling, stiffness and inflammation. It rubs into the very core of the pain, penetrates quickly through the tissues, and brings a warm, comforting relief at once. No liniment compares in pain relieving power with Nerviline. For the minor pains and ills that arise in every family, Nerviline should always be kept handy on the shelf. Use it for Rheumatism, Lumbago, Neuralgia, and colds. 25 cents at all dealers.

Whale Destroys Cable

A whale which interrupted traffic on the Alaska cable early in April chewed up so much of the cable that an 80-foot replacement was necessary to restore communication.

THIS GREAT TONIC RENEWS STRENGTH

Simply Because it Enriches and Builds Up the Blood

In no trouble is delay or neglect more dangerous than in anaemia, which means poverty of the blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before its presence is recognized. But taken in time there is a tonic that so enriches and purifies the blood that good health and strength soon comes to the former weak anaemic sufferer. This tonic is Dr. Williams' Pink Pills, which for years have been the most successful blood-builder known, and have credit for restoring to good health thousands and thousands of people who have suffered from some of the many ailments that come through weak, watery blood.

The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as anything can be. As proof of this Miss Margaret A. Smith, Burgoyne, Ont., says: "After having a severe attack of jaundice I was left in a very weak and run-down condition. I was pale and my nerves on edge. I could not sleep at night and would toss and turn for hours at a time. I finally decided to try Dr. Williams' Pink Pills, and soon began to feel better, and after taking a few more boxes of the pills I felt as strong as ever, and could thoroughly enjoy my rest at night. Now, I always recommend these pills to any friends who may be ailing."

Better sleep, steady nerves, improved appetite, increased vigor—all these can be yours by taking Dr. Williams' Pink Pills. Begin today. Sold by all medicine dealers, or by mail post paid at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Australia's New Fruit

Australia is producing a new fruit called the cucumber apple for use in salads. Although it has the appearance of an apple, the flavor is said to be distinctly that of a cucumber.

For all pain—Minard's Liniment.

It was believed during the Middle Ages that a child brought up without being taught any language would speak Hebrew spontaneously.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

If you have an aim in life you can't afford to waste any time in hating people.

Minard's Liniment for dandruff.

Clever Blind Student

Completes Four Years Arts Course in Three Years

Gregory Sullivan, blind since birth, has become such a good listener that he soon will have completed a four-year course at the University of Georgia in three years.

His election to Phi Beta Kappa national honorary fraternity, is the latest honor that he has attained. He also won the French medal offered the student making the highest average in that language.

Sullivan, who is 22 years old, has a general average above 90 and will be graduated in June with a bachelor of arts degree.

Throughout his college career, he has relied mainly on friends to read his text books to him.

Mennonites Purchase Land

Mennonites have bought 2,500 acres of land in the Vulcan district, paying \$125,000 to the vendors, Messrs. M. & R. Lyman. The Mennonites have acquired 12 sections this spring in Southern Alberta.

Asthma Doesn't Wear Off Alone. Do not make the mistake of waiting for asthma to wear away by itself. While you are waiting the disease is surely gathering a stronger foothold and you live in danger of stronger and yet stronger attacks. Dr. J. D. Kellogg's Asthma Remedy taken early, will prevent incipient condition from becoming chronic and saves hours of awful suffering.

An Indiana town has abandoned its fire department composed entirely of women. They insist on silk hose.

Marketing of Manitoba Cattle

Last year 493,139 head of cattle and 392,329 hogs were marketed through the Winnipeg Public Stock Yards and realized \$32,047,000. Though the number of animals marketed was less than the 1925 record, the monetary return was \$1,000,000 greater, owing to the better prices that prevailed. Ontario feeders took 45,590 and 41,000 went to United States feed lots and 17,365 went to Manitoba farms. Sheep and lambs to the number of 55,850 were marketed, compared with 26,600 in 1921.

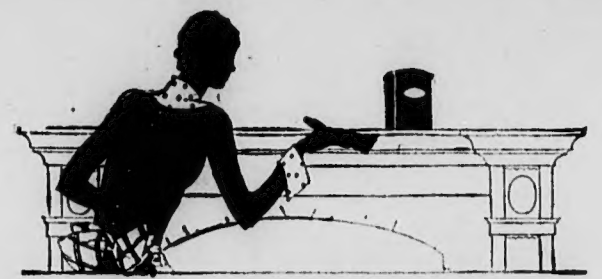

Why! This is My Old Standby!

We use it at our house every day. The children just love Wrigley's.

After Every Meal

Use DUCO for hundreds of home uses

PAINTING in the home used to be considered a man's job but DUCO has changed that old idea.

Brush DUCO has a particular appeal to women. It is so easy to apply and it dries in less than an hour. Thousands of women are using DUCO who never did any painting before.

When you go to buy DUCO, people may tell you that other products are just as good. Don't be misled. Insist on getting genuine DUCO.

DUCO Clear and four DUCO Stains are now added to the wide range of colors.

NO RETALIATION ON ACCOUNT OF BORDER RULING

Quebec, P.Q.—"There will be no effort at retaliation on the part of Canada because the United States have chosen to restrict the movement of Canadians who are employed in the United States, and we are hoping that the whole matter will be amicably settled at the conference," declared Hon. Robert Forke, Minister of Immigration in connection with news despatches that the Department of Immigration had decided to investigate the number of Americans employed in this country as a means of retaliation against the United States measure.

Hon. Mr. Forke sailed from Quebec on board the Empress of France, for a three-months' tour of Europe. He was accompanied by Mrs. Forke and just prior to the liners' sailing, quite an interesting event took place when a diminutive bell boy made his way to the cabin occupied by Hon. and Mrs. Forke, and therein deposited huge bouquets of American Beauties and other flowers. There were a dozen or so bouquets among which was one from the local staff of the Immigration Department.

The Minister of Immigration stated that he was going over to Europe to look over the immigration conditions and matters there, and also to see whether there were any suggestions to be made to the Imperial Government and others as to beneficial changes which may be made.

A possible increase in the 3,000 family scheme whereby the number of families which will come out to this country under the plan will be increased to 5,000, was voiced by the minister.

"Of course," said Mr. Forke, "this is a matter that is largely up to the Imperial Government, but as regards the 1,200 odd families that are scheduled to come out under the scheme this year, we will place them if we can find the land."

Must Surrender Aims To U.S. Government

General Disarmament in Nicaragua Essential if States Supervise Election

Managua, Nicaragua.—Plans are under way to drop from aeroplanes and otherwise distribute thousands of copies of a proclamation drawn up by Rear Admiral Latimer, commander of the United States naval forces in Nicaraguan waters, saying he has been directed by the United States government to accept the custody of the arms and ammunition of those willing to give them up, including the government forces, and to disarm forcibly those who do not peaceably deliver up their arms.

"The United States government," the proclamation declares, "having accepted the request of the Nicaraguan government to supervise the elections in 1923, believes general disarmament necessary for the proper and successful conduct of such elections."

Large Bequest for Charity

Wife of Prominent Winnipeg Financier Leaves \$300,000 to Foundation

Winnipeg.—The Winnipeg Foundation, established several years ago for charitable purposes, benefits to the extent of \$300,000 through a bequest from the will of the late Mrs. Wm. Alloway, which has been made public. Mrs. Alloway, who died last year, leaves her entire estate to the foundation. The amount is exempt from succession duties. Mrs. Alloway was the wife of William Alloway, prominent Winnipeg financier.

Non-Stop Flight to India

London.—Announcement has been made that Lieut. C. R. Carr, as pilot, and Flight Lieut. L. S. M. Gillman, in a big specially constructed Horsley-Royce machine which passed its test at Brooklands, will start probably on May 20 from the Cromwell aerodrome in Lincolnshire on a non-stop flight to India, a distance of 4,000 miles, which they hope to accomplish in 48 hours.

W. N. U. 1681

Forecast Heavy Grain Shipments to Europe

Large Volume of Tonnage Has Already Been Chartered

Fort William, Ont.—Record grain shipments have left head of the lakes ports since the official opening of navigation April 18, according to a report issued by F. A. Ursell, statistician to the grain commission.

Shipments to April 30 totalled more than 40,000,000 bushels and heavy export shipments from seaboard ports to Europe during May and during the early part of June are forecast in the report.

Mr. Ursell says:

"From reports received from different sources, the export movement from Atlantic seaboard ports to Europe will be very heavy throughout May and at least the early part of June. A very large volume of tonnage has been chartered already, aggregating close to 40,000,000 bushels of all grains. These heavy purchases undoubtedly are occasioned by a more or less urgent need of grain. Although statistics of the world's wheat show an ample surplus of supplies in exporting countries over indicated requirements by importers, the shortage of the rye and potato crops of 1926 are partially responsible for a larger wheat consumption."

It is apparent, Mr. Ursell points out, that a large portion of export grain will be shipped via United States Atlantic seaboard ports, a heavy volume of tonnage having been chartered, much of it rates around 12 cents per 100 pounds to some British ports and Antwerp-Rotterdam.

Ready to Test Beam Service

Messages Between Canada and Australia Possible Within Six Weeks Is Report

Melbourne, Australia.—It is officially stated that the Marconi beam service between Australia and Canada is now practically ready for testing purposes. The aerial transmitting station is almost completed and the assembling of the transmitting apparatus well advanced.

Hopes are entertained that the service will be in operation within six weeks or possibly a month.

Montreal officials of the Marconi company confirmed the above report, declaring that the situation in Canada was practically the same as in Australia.

Mr. Thompson, the chief engineer, said that the messages from Australia would be received by the apparatus at Yamachiche, near Three Rivers, and that Canadian messages to the Commonwealth would be despatched from Drummondville, Que.

He expected the beam system would be functioning properly within six weeks.

No Change in Policy

Britain Will Keep Mission to the Holy See

London.—Maintenance of an official British representative at the Vatican now can be regarded as a permanent policy of the British Government, Sir Austen Chamberlain, the Foreign Secretary, announced in the House of Commons.

"The Government does not intend withdrawing the mission to the Holy See," said Sir Austen. "It was found convenient to establish this delegation at a time of international trouble and difficulty, and to withdraw it now would be an almost offensive action to adopt."

British relations with the Holy See were established in 1914.

Says Water Seal Aided Tragedy

Toronto.—Sir Frederick Stupart, director of the Toronto bureau of the Dominion Meteorological Office, expressed the definite opinion that if any excess of water had not been taken from the Great Lakes system through the Chicago drainage canal, the raging Mississippi floods that have taken such toll of life and property would have been very much less severe.

Ministers Doing Double Duty

Ottawa.—Hon. J. A. Robb, Minister of Finance, will be acting minister of trade and commerce during the absence of Hon. James Malcolm in Europe, and Hon. Charles Stewart, minister of interior, will be acting minister of immigration while Hon. Robert Forke is in the Old Country.

GOOD PROGRESS BEING MADE ON H. B. RAILROAD

Following completion of a trip of inspection to the end of steel on the Hudson's Bay Railway, Hon. Charles A. Dunning, federal Minister of Railways and Canals, declared he was gratified by the amount of work completed and agreeably surprised at the manner in which the rehabilitation of the line has advanced.

Weather and other conditions, coupled with some difficult engineering problems, had tended to interfere with the progress of the work, but Mr. Dunning felt that these had been ably met and that, allowing for the late spring, those in charge of the building program now have their schedule well in hand.

The trip to Kettle Rapids, on the Nelson River, was made by train and from there to the Limestone River, Mile 350, the end of steel, by speeder. The terminal under construction at Bowden, Mile 137, was inspected Wednesday, Mr. Dunning and party inspecting the roundhouse, coaling plant, machine shop and other work now underway at that point.

W. A. Kingsland, general manager, Western region, Canadian National Railways; H. A. Dixon, chief engineer, and J. G. MacLachlan, divisional engineer in charge of construction, accompanied the minister on his inspection tour.

Increase in Canada's Trade

Total During Twelve Months Shows Advance of Forty-two Millions

Ottawa.—Canada's total trade increased approximately \$42,000,000 during the twelve months of the fiscal year ending March 31. Total trade for the 12 months was \$2,298,465,647, as compared with \$2,256,028,869 for the previous 12 months and \$1,878,294,180 in the 12 months ending March 31, 1925.

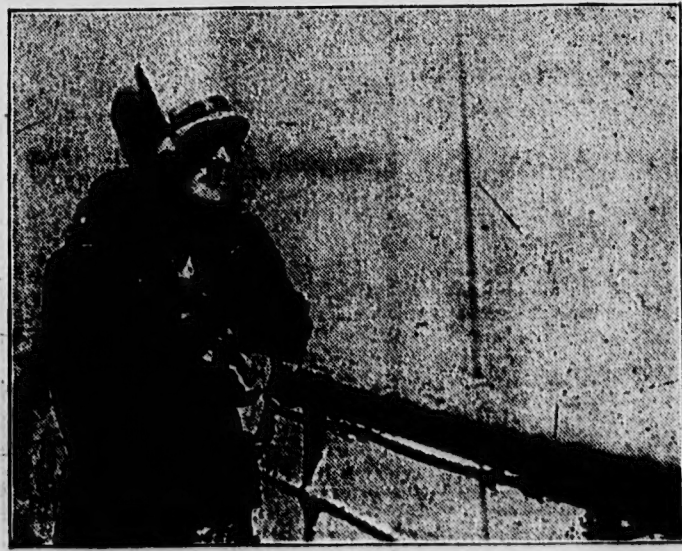

The twelve months just ended witnessed a decrease of approximately \$61,000,000 in Canadian exports and an increase of approximately \$103,000,000 in imports when compared with the 12 months of the previous fiscal year.

Want Labor-saving Devices

Geneva.—Women delegates to the international economic conference contributed their bit today to the plans for the world's economic restoration. They introduced a resolution for the creation in all countries of committees comprising of housewives and manufacturers to establish practical types of household utensils which would economize labor both in the home and in the industrial production of such articles.

To Build Big Hospital

Toronto.—Mrs. A. E. Huestis, recently introduced a deputation representing the Women's College Hospital to the provincial secretary. It is the intention of the college to build a new million dollar structure on property acquired. The new hospital is to have 150 beds. The provincial secretary promised consideration.

Returns From World Tour

Mrs. George Stephen, Winnipeg, who arrived in New York April 12 on board the Canadian Pacific flagship Empress of Scotland, having completed a 30-day tour of the world, visiting twenty countries. Mrs. Stephen was in Shanghai and Peking about two months previously.

Irish Free State Cannot Claim Bonds

Is Not Successor to Irish Republic Says U.S. Judge

New York.—Supreme court justice Peters dismissed the suit brought by the Irish Free State claiming to be successor of the "Irish Republic" and entitled to the \$2,500,000 bonds, the unexpended portion of more than \$6,000,000 subscribed for in the United States for the republican cause.

Justice Peters also denied the claim of Eamon De Valera and his co-trustee, O'Mara, to the bonds and ruled that the proceeds from the sale of the bonds here should revert to original subscribers.

Justice Peters, in his decision, refused to allow the claim of the Free State that it was a successor to the self-styled Irish Republic, on the ground that, as a de facto government the republic had never existed and therefore could have no successor.

Many Unemployed Men Available for Farms

But Demand in Alberta is Expected to Drop Off

Edmonton.—With about 5,000 men placed in farm employment throughout the province this season, the peak of the spring farm labor situation has been reached, according to Walter Smitten, commissioner of labor, and from now on the demand will be steadily dropping off. There are still a good many unemployed men available for work on the farms if wanted, but the lateness of the season, the reduced acreage in consequence and the influx of immigrant labor are combining to restrict the calls for help from Alberta farmers.

Notwithstanding the more or less unusual features of the situation this spring, the total number of men placed is not greatly below that of last year. About 5,600 placements on farms were made for the same period a year ago.

Can Deport Immigrants Who Refuse Positions

Department Has Power to Deal With Such Cases

Ottawa.—A week of good weather would clear up any congestion of immigrants in the western cities, it was stated at the immigration department offices. The seeding being so late this year has meant that the usual demand for farm labor has been retarded.

The department stated that if, as reported, men who had entered the country as farm workers are refusing to take positions, deportation was the quickest and most effective method of dealing with such cases. The department has the power to send immigrants back to their countries of origin if they refuse to take work when it is offered.

Parties Almost Even

St. John's, Nfld.—A legislature in which the parties are almost evenly divided opened its session here May 4. Premier Monroe will have 18 followers in the legislative assembly, while the oppositionists will number 17.

SOLVES PROBLEM OF ELIMINATION OF WEED PESTS

London.—The problem of the scientific elimination of certain weed pests, which has baffled researchers in America and Europe for 50 years, has been solved, it is claimed, by a young Canadian scientist, Leonard Huskins, of the University of Alberta.

At the Royal Society here he showed the results of two years experiments at King's College, London, and the Horticultural College at Merton, to which he recently has been appointed. Professor Huskins' discovery, which is of great value to farmers, as it is expected to bring about an appreciable improvement in cereal crops, consists of tracing the reversion to the wild type of the so-called false wild oats, which are a well known pest in Canada and the United States and elsewhere. Irregularities in the chromosomes, were found to be responsible for these abnormal reversions, which also occur in wheat and other food plants, and it is asserted that through this discovery it will be possible to produce varieties of plants containing only the normal type of chromosomes, which never produce degenerate forms.

May Press For Settlement

Possible Claim May be Filed Over Seizure of Federal Ship

Vancouver.—Possible filing of claims by the Consolidated Exporters, Limited, against the United States Government, in connection with the recent seizure of the liquor-laden steamer Federalship was indicated here by Harold Faulkner, San Francisco attorney, who was in Vancouver conferring with officials of the company. Mr. Faulkner states that, because of admittedly illegal seizure by the United States of a vessel of foreign registration, the way is open for normal and physical claims in connection with damages sustained by the company and crew. According to Mr. Faulkner, it is the purpose of the company to go into the matter immediately and, if claims are sufficient to warrant such a procedure, to press for settlement.

Strange Phenomenon In Owen Sound Harbor

Water Moved Out and Returned Much Above Normal Level

Owen Sound, Ont.—Waters in Owen Sound harbor and the Sydenham river were stirred up greatly recently, and no reason has been found for the phenomenon. Within a few minutes the waters in the harbor moved out so that the level was two feet lower than usual.

When the water returned, the level was much higher than under normal conditions. At one time the waters in the harbor got so low that some boats were resting on the mud at the bottom.

Sends Demand To China

Japan Wants Soldiers Removed From Consulate at Nanking

London.—Japan has peremptorily demanded that the Chinese authorities at Nanking give orders immediately for the withdrawal of soldiers who occupied the Japanese consulate at Nanking after the outrages of March 24, says an Exchange Telegraph despatch from Tokio.

The demand, the despatch states, was not sent in the form of an ultimatum, but it is expected in Tokio that the Chinese will comply without hesitation.

Task for Boy Scouts

Ottawa.—The Boy Scouts' Association of Canada has offered its services to the national committee for the celebration of the jubilee of Confederation, and has requested that to them be allotted the task of decorating the graves of the Confederation Fathers. Where the graves of the fathers are distant from central points, the Scouts will delegate faithful members of its order to perform the task. Simple wreaths of Maple Leaves will form the decoration.

Church Announcements

EVANGELICAL NOTES.

In a letter this week from Bishop Stamm to the pastor, came the news of the recent appointment of a new Presiding Elder and District Superintendent for the North-west Canada Conference. The selection and appointment was made entirely by our Board of Bishops, seven in number.

By decision of the Sunday School our annual Children's Day will be observed with a suitable program on Sunday, June 12th. The program committee has already made a good start in the work.

The choir is busy in preparation for the June Conference. Good things are on the way.

We still have frequent inquiries about the thieves who went into our church on Thursday night, May 5, but since they have not yet returned to make restitution, we at least hope they may have made a wise investment of the money stolen (\$10.00) from God in His House—the church.

KNOX and WESCOTT

Sunday, May 22nd, at the close of the evening services, the Sacrament of the Lord's Supper will be observed. The minister urges as many as possible to be present Sunday evening. Bring your company along.

The Alberta Conference of the United Church is to be held in Calgary all next week. Representatives will go from Didsbury.

There was a good attendance at the Services held at Community Hall last Sunday. All are invited to Mother's Day Services at Lone Pine Hall, Sunday, May 22nd.

This is the day of signs and wonders. To be in keeping a sign has been erected on Knox Church property. If any have been negligent in Church attendance, through not knowing where the Church is, a new excuse will now have to be thought out.

LUTHERAN CHURCH

Westcott 10.30 a.m. German
Didsbury 2.30 p.m. German
Westcott 8.00 p.m. English

A very appropriate subject has been chosen for Sunday known in the church calendar as Rogate Sunday, the pastor will speak on "Abraham's Intercession for Sodom." For their own encouragement men of prayer will do well to study this intercession, noting particularly Abraham's boldness and tact.

Interesting, fascinating, and highly instructive is the least that can be said for the story of Joseph. Continuing with the series entitled "Joseph, the Prime Minister of Egypt," the second sermon will be delivered in the English service at Westcott on Sunday evening. Under the heading of "Twice Sold," it will be shown how Joseph was sold first to the Ishmaelites, then into slavery.

Parents desiring to have their children instructed in the fundamentals of the Christian religion are asked to consult with the pastor. Instruction is given through the medium of either the German or English language.
